OBJECTIVE

I'm a 23 years old 3D Archviz Artist from Ahmedabad (Gujarat), India. With 3+ years of industry experience, I bring expertise in scene development, PBR texturing, lighting, and rendering. Whether it's sculpting intricate details, breathing life into animations, or mastering cutting-edge software like 3Ds Max, ZBrush, and Maya, my passion lies in collaborating and pushing boundaries to create impactful imagery. Driven by constant learning and growth, I seek a challenging opportunity to showcase my artistic abilities, meticulous attention to detail, and innovative spirit, ultimately contributing to the success of inspiring projects.
